B. & M. fire	3.00
Canaan and Dorchester investigation fire	7.00

With a hundred and one fire permits out during the dry summer months, without one come-back, it shows very good cooperation of the people.

I hope that everyone understands that they shouldn't kindle a fire without a permit.

The permit regulation is the most important part of our Forest Fires. In discovering a fire, please notify your Fire Warden, Joseph C. Senical, Tel. 82-4, or the Board of Selectmen or the deputies, Frank Doten, Eugene Shepard, Fred Hutchinson, Herbert Day, Ralph Dodge,

Respectfully submitted,

JOSEPH C. SENICAL, Forest Fire Warden.

REPORT OF SUPERINTENDENT OF SCHOOLS
To the School Board of Canaan:

I submit herewith my second report as superintendent of schools.

There have been some changes in the teaching force since the publishing of the last report in the summer of 1936. Mr. Sundown was released during the year 1934-35, to take a position in Oklahoma. Miss Marion Lathe,

a graduate of Keene Normal School and the University of New Hampshire, was secured to finish the year.

Teachers:

The Fall term opened in 1936 with three new teachers. Miss Zepheryn Gamache, a graduate of Plymouth Normal School, and a teacher of experience, was engaged to fill the vacancy which occurred because Miss Hazen resigned to be married. Mrs. Hurley was released just before the opening of the school year to teach in her home town, and Miss Arlene Littlefield, a graduate of Canaan High School and Keene Normal School in 1935, was elected to take her place. Miss Littlefield has one year of experience in teaching. Miss Sibyl Sweatt, also a graduate of Canaan High School and Plymouth Normal School, class of 1936, followed Mr. Poirier, who resigned to take up his work elsewhere.

School Plants:

Canaan at the present time is maintaining in the elementary school system, seven classified schools and two mixed schools. The seven classified schools are the two at West Canaan, the three at Canaan Village, and two at Canaan Center. The two mixed schools are the North Canaan and the Story schools

These houses are in a very good state of repair. The School District is very fortunate that it can boast of these classified schools. This arrangement, whereby the teacher has a few grades, enables her to devote much more time to the different groups.

Supervision:

I have given tests of various kinds from time to time and have found that the pupils, as a whole, are profiting from the instruction they are receiving. It is my purpose that each pupil in the early grades of their school life shall be so drilled in the art of reading that they will not be handicapped when they reach the upper grades and high schools. Reading tests have been

given to all pupils in the District in grades four to eight, inclusive. Later in the year, attainment tests will be given to those in grades one to three. The Otis Mental Ability test has been given to all pupils in the first four grades. An effort is made to keep the text books up to date.

Recommendations:

I should like to suggest that a certain amount of money be raised each year for the purchase of single seats of the unit type, similar to those recently placed in the West Canaan school. By buying a few each year until all the old double seats have been removed, the burden financially will not be too great. New blackboards are needed for grades 3, 4, 5, Canaan Village, and new window shades are needed at the Center and Story schools.

I should also like to call your attention to the limited quarters of the high school. The enrollment this year has reached the ninety mark. This school is steadily growing, and the records show us that the enrollment has doubled in the last ten years. This is truly remarkable.

The teachers are working under a tremendous handicap. The work now being done by four teachers should be handled by five. There is, however, no available space for another class room.

Canaan is serving as an educational center, but it could render a much more effective service if the plant was more adequate. There is always a group in high school that is not book minded. Domestic science and a course in practical arts should be provided for this group. This is impossible because of the lack of room.

Elsewhere in this report you will find a report from Miss Moynihan, the school nurse.

The schools are running smoothly, the instruction is good. I want to thank the members of the board for

their willingness to meet each month to talk over school affairs. Their co-operation is appreciated.

EARL P. FREESE,
Supt. of Schools.
